Canyon City Road Guard

We alluded in Wednesday morning to the fact that Judge Olney, of the Dalles, had been authorized by the Governor, in response to a requisition from Gen Alvord, to recruit a company of volunteers for four months' service on the Canyon City road, as protection to travel against the incursions of hostile Snake Indians, who have for the present effectually closed that important avenue of golden trade. The prospects were bright for a speedy and successful issue of the enterprise, when Capt Olney was notified by Major McLean of his positive instructions from Washington not to muster into the service any troops upon other terms than for three years or during the war. This has, for a time, at least, put an effectual damper upon the existing movement, and there seems no alternative but for the merchants and other citizens interested in the matter, to draw from their private purses and contribute toward equipping the requisite number of men as a citizen guard. That the exigencies of the case demands prompt action admits of no argument. Protection to our fellow beings in need is a reflex of the law of self preservation, and as the clogging of natural and necessary avenues in any part of the human system exercises a disastrous influence over the whole, so the closing of any essential thoroughfare of commerce will be disastrous to the State at large. No doubt the Government will relieve our necessities by a special order as soon as proper representations can be made at Washington. We give below the official documents upon which Capt Olney was proceeding when stopped by the regulations

REQUISITION UPON GOVERNOR GIBBS
HEADQUARTERS DISTRICT OF OREGON,
Fort Vancouver June 10, 1864

Governor: Pursuant to authority, dated 20th April 1864 ... from the General commanding the Department of the Pacific I have to request that ... from the State of Oregon a detachment of Cavalry Volunteers to be mustered into the U S service until the 1st November next, unless sooner discharged. Said detachment must consist of ... Lieutenant, Second Lieutenant, and ... privates. The non commissioned officers will be ... after they are mustered into the service of the United States. The men will furnish their own horses ... the "use and risk" of which they will be ... to receive forty cents a day. They will ... pay and all wages of all cavalry ... the service of the United States.

I have ... myself under the necessity of making this call on account of the continued robberies and murders by the Snake Indians upon the road from the Dalles to Canyon City, Oregon.

It ... will appoint a suitable person he will be mustered into the service of the United States as a Second Lieutenant and Recruiting Officer of said detachment. When the detachment is raised and mustered ... at Fort Dalles a First Lieutenant and ... will be mustered in at the same time. ... will be quartered at Fort ...

... ALVORD,
... Commanding District
His Excellency ... Governor of Oregon

... ON
STATE OF OREGON, EXECUTIVE DEP'T,
Portland June 11, 1864

By the President of the United States through Brigadier General Alvord commanding the District of Oregon. I have been requested to raise a detachment ... Cavalry Volunteers consisting of forty men, to be mustered into the service of the United States, to serve until the 1st of November next, unless sooner discharged

The duties of the detachment will be to protect the travelers and trains and to keep the road open between Dalles and Canyon City. Nathan Olney has been appointed recruiting officer, and will command the expedition. Other officers will be appointed when forty enlisted men are enrolled. The men will be required to furnish their own horses and will receive the same pay and allowances as all cavalry troops in the service of the United States.

The frequent robberies and murders committed on the Dalles and Canyon City route renders this expedition highly necessary and it is hoped that enough patriotic citizens will promptly respond to this call to fill up the detachment at once and that all good citizens will encourage the same

DISTRESSING DEATH AT CORVALLIS —We are informed by a gentleman from Corvallis, that on Tuesday, a Mrs Smith, residing in that place, had built a fire in the open air for the purpose of doing some washing, when her dress brushed the flames, ignited, and in a few moments every vestige of her apparel had been consumed, and before assistance could reach her, she having run at the top of her speed until stopped by a neighbor, her whole body was literally roasted brown. The hands of the person attempting to relieve her were burned and cut by her roasting flesh. She lived a short time, and leaves five little orphans to bewail a mother's loss

The Richmond *Examiner* of the 28th of April, exults over the atrocious massacres at Fort Pillow and Plymouth. "Repeat Fort Pillow, repeat Plymouth a few times" it says, "and we shall bring the Yankees to their senses; and, what is even better, our Government will rise to a proper sense of its position as an organ of a nation, and no longer act as if it were the junta of a set of revolted prisoners"

FROM KOOTENAI —From the Lewiston *Golden Age* Extra we make the following extracts from letters received at Lewiston with intelligence from the Kootenai mines up to May 25th: Mr A E Riddles, writing to Hill Beachey, from Wild Horse, or Kootenai creek, says

There are at this date operating on this creek with a certain prospect of fair success thirteen companies viz Clark & Co Stone & Co Donald Co, Babcock & Co Fisher & Co O'Donald & Co, Cuddy & Co, McCarris & Co Cuddy & Co, Putnam & Co, Moran & Co, Robinson & Co and McMurray & Co

A majority of them are unable at present to do but little, in consequence of the high water. For several days past the creek has been very high but last night it commenced falling and probably in a few days will be down to a fair stage

Flattering prospects have also been obtained in the hills along the creek and quite a number of hill claims have been located, which will doubtless prove highly remunerative. A few persons have conveyed the dirt from the hill to the creek upon their backs, and rocked it out realizing fair wages. Fisher & Co are engaged in constructing a flume and ditch, for the purpose of bringing water on the hill. When that work is completed several hill companies will commence work. The gold obtained both on the hill and on the creek is coarse beautiful and of a superior quality. It passes here readily at $18 per oz. All the gold is smoothly washed, and mostly found on the bed rock which is slate and quite uneven. Upon hard, smooth bed rock but little gold is found

The largest prospect I have seen obtained from one pan of dirt weighed $1. The largest I have seen obtained from one shovel of dirt weighed twenty five cents. Larger prospects, however, have been obtained from the same quantity of dirt. Nuggets have been frequently found on the creek weighing from $2 50 to $78 75. I think I can truthfully say there is not a claim on the creek but what will pay from $10 to $15 per day to the hand

It is quite probable that richer diggings will be discovered on other streams after the freshet. All the streams are at present so high that it is utterly impossible to prospect them

I would not be much surprised if, during the present season, claims would be located in this country, and not very remote from this point, that will almost rival Cuddy's $500 claims. It is indisputable that gold exists in paying quantities on tributaries of the Kootenai and Columbia

Quite a large party left here near two weeks ago, for the purpose of prospecting on the head waters of the Kootenai and Columbia. The prevailing opinion here is, that they will discover rich diggings

There are here mining and prospecting about 400 men, and the number is being daily increased by new arrivals. But few pack trains as yet, have arrived and the consequence is, 'grub' is scarce. The following are the prices here and the supply of each article, I assure you is quite limited. Beans 30c per lb dried apples, $1 sugar, 75c @ 90c coffee 90c @ $1 25, bacon, $1 25 and none in camp until within a day or two, flour, 50c, and the most inferior article that was ever manufactured, it was packed from Colville and Hell Gate. gum boots would sell readily at from $25 to $30 per pair. There are none here, and God only knows when there will be

This camp is about 70 or 75 miles above Tobacco Plains 200 or more miles from Hell Gate, and about 300 miles from Lewiston. From Tobacco Plains no supplies can be obtained, unless it is beef—which, by the way is selling at 20c per pound

A Gold Commissioner is expected in a short time, and until his arrival the laws enacted by the miners will be observed"

Tim Lee writing to Hill Beachey, says "I will state as briefly as possible, what I know about the mines. At present the mining is confined to two creeks, (Kootenai, or Wild Horse, and Finlay creeks); situated about 70 miles apart, both of which empty into the Kootenai river. The first prospect ing I done was on Finlay Creek and the head waters of the Columbia, which are only about 6 miles apart. I have got as high as 30 cents to the pan on Finlay creek, and think it will prove to be one of the richest creeks in this part of the country. At present the water is too high to prospect to any advantage

On Kootenai creek where I am at work there are about 150 miners, who are all doing well. There are several old Shasta county miners here one of whom (Jack Fisher) showed me a couple of nuggets taken out of his claim and weighing respectively $50 and $78

I have rocked out as high as $60 per day, until the high water drove me out. In fact friend Beachey I have no hesitation in saying that these mines are good and permanent. The gold is of the coarse order, and of good quality. It is taken readily at $18 per ounce by traders. There are only two traders here at present and four miners, with as good an appetite as I have, would eat them out in one month

There are certain parties who went back from here to Walla Walla, and from what I can learn from people coming in, they are giving a very discouraging account of the country. Now, to my certain knowledge those parties never stuck a pick into the ground while they were here, in fact they are not on the work—at least, I never knew them to work and I happen to have known them for some time

James Crow writing to James Hays under date of May 24th, says "The mines are situated on a creek a branch of the Kootenai river. I should judge there are about 150 or 200 miners in and around this part of the country, the most of them engaged in opening claims and a few at work in the bank making from $6 to $10 per day. The gold is coarse and of a fine quality ... As to the country as a mining country I am not prepared to say as it will take from four to six weeks to develop that fact"

A correspondent with Grant's army in describing the battle of the 10th May, says that the fighting of the "Old Guard" of Napoleon "pales before that of our brave and heroic soldiers"

All men capable of bearing arms are being armed to defend the city. The archives have been removed to the front

The Governor feels confident of his ability to hold the place until the arrival of reinforcements

A force of 300 rebels occupy the stockade three miles this side of Frankfort to prevent reinforcements from reaching Frankfort from Louisville

Union troops attacked the stockade last night and were repulsed

FORTRESS MONROE June 11 —Late Richmond papers have the following. Several steamers have arrived at Charleston within a few days

NEW HOPE GA June 4 —There has been considerable skirmishing to day. Gen Rebless wounded

The rebels are fortifying at Kingston. A portion of the 17th corps is now on the way from Trans Mississippi to reinforce Sherman. They have reached Van Buren Ala

WASHINGTON June 14 —The House to day declared Todd entitled to a seat as Delegate from Dacotah Territory

By an arrival to day from the White House nothing new has been landed at that place except reinforcements and forage for the use of the army

The railroad track which had been completed within a mile or two of the army has been taken up. The rails and ties brought to the White House where they are being placed in barges

CINCINNATI June 14 —Gen Morgan with 3000 men attacked the 168th and 175th Ohio regiments under Hobson at Cynthiana yesterday. After a severe fight he compelled Hobson to surrender on the condition that his men should be immediately exchanged. The fight took place principally in the streets of Cynthiana. Some of our troops took refuge in the Court House. In order to get them out the town was set on fire and about 20 buildings were consumed before the fire was extinguished. Our loss was 15 killed and 50 wounded. Col Berry, Provost Marshal of Covington was mortally wounded and Col Garris, of the 168th severely. Our loss in prisoners amounts to from 1 200 to 1,500

This morning Gen Burbridge who left Paris last night fell upon Morgan whilst his men were at breakfast and after a severe fight completely defeated him, and scattered his forces in all directions. About 150 prisoners were taken including 20 officers. Burbridge at last advice was closely following the rebels

LOUISVILLE, June 12 —Randall has successfully resisted two attacks upon the works at Frankfort

WASHINGTON June 12 —Dispatches from Hunter at 6 o'clock on the morning of the 8th inst, at Staunton, reports. We met the enemy at Piedmont last Sunday morning Gen Jones commanding and totally routed them after a battle of an hour's duration. We captured 1 500 prisoners altogether including 60 officers on the field. 3,000 stands of arms and 3 pieces of artillery and a large quantity of stores

We have to-day formed a junction with Crook's and Averill's cavalry

Another dispatch, not official, dated 9th states Our infantry to-day, are engaged in burning the and bonding rails east and west. All Government and railroad buildings at Staunton were burned

A dispatch from Gen Grant, at 4 o'clock yesterday, says a portion of McIntosh's brigade of cavalry sent out on a reconnoissance yesterday morning drove in the rebel pickets and forced the outer line of the rebel defences, passing over the entrenchments about a mile west of Bethsaida Church. It having accomplished the purpose of reconnoissance it proceeded to return. A number were killed and some prisoners were brought in. Our loss was only 16 killed and wounded

A dispatch from Sherman, dated Big Shanty Ga to-day says our lines are between four and five hundred yards from the enemy but there was no fighting yesterday. STANTON

NEW YORK June 12 —The *Herald's* Stanton correspondent says that up to the 7th our losses had been 250 killed and wounded

A letter dated the 5th, from Butler's department gives the details of the attack on Petersburg showing that Gilmore had advanced to within a short distance but being informed that the rebels were preparing in the rear of him and having had information of their movements the day previous, decided to return, which he did with only 250 wounded. Gen Kautz, by another road surprised the rebels and bravely dashed into their works, capturing several pieces of artillery and a number of prisoners. Not being co operated with by Gilmore, he was compelled to fall back to prevent being surrounded. He brought the prisoners and captured guns with him. The gunboats in the Appomattox threw a number of shells into Petersburg during the movement

NEW YORK, June 13 —The *Herald's* correspondent gives a detailed account of Hunter's movements after leaving Cedar Creek. The rebels attempted to intercept communications with the rear and was partly successful destroying some bridges, burning a train and some stores and capturing some men at Woodstock and Mount Jackson. The citizens appeared friendly at the time Hunter moved from Cedar Creek

Crook and Averill moved from Lewisburg towards Staunton. At the fight at Piedmont all the military force at Staunton was brought to aid the rebels. They attempted to turn our left but failed and were pushed back in a manner that threatened to cut them off from Staunton. This forced their right to give way and retreat followed

A Washington dispatch says that intelligence from the army to Friday night state that while the army is quiet in one place it is not in another

The Washington *Star* says that Grant is carrying out his new movement against Richmond with his usual alacrity

Reports say that the rebels think they have reason to believe that Grant's purpose is to make a new base of supplies on James river. At the same time a strong line of intrenchments is being erected at White House indicating his purpose to hold that point

The *Tribune's* correspondent with Butler says of the expedition against Petersburg. There were 1400 picked horsemen under Kautz and 3000 or 4000 infantry under Gilmore all under command of Gilmore. At noon the infantry were within 1½ miles of Petersburg and Gilmore sent a dispatch. He heard ... guns away ... but had no communication with him. Gilmore's orders were to advance on Petersburg and engage the enemy unmaterial whether he succeeded or not the object being to divert their attention from Kautz who was to dash into the city from the opposite side to burn Appomattox bridge destroy their stores supply depots and do all that he could to annoy and harass the enemy. Signal glasses announced that Kautz was fulfilling his mission ... were seen attacking up in the further ... ing the enemy before them. This was inside the intrenchments on the outskirts. Gilmore availed himself of the second clause in his instructions to return that night. Gilmore sent word that the works were quite formidable and stronger than he anticipated ... Hicks did not inform Kautz ... attacked the enemy and had therefore retreated half a mile and formed a line of battle while Kautz was fighting in the city and expecting cooperation and that the infantry ... would assist him. The rebels seeing ... ithdrawing turned the attention to Kautz and pressing him closely captured one gun. Our cavalry in return captured a 12 pounder—brass piece—which they brought away. ... sign of a larger ... in their favor by the infantry being seen, Gen Kautz ordered the cavalry to withdraw

The *Tribune's* correspondent with Sherman under date of Dalton, June 11th, says. The enemy attacked McPherson's corps yesterday morning and dashed on our cleanly ... of works with the intention of ... the position. They were met with a heavy ... for a time remained immovable. The contest ... when the enemy retreated leaving the field covered with their dead and wounded. ... After five day's fighting ... McPherson has closed in ... his right enabling us to make the next important movement

A dispatch from Louisville this morning says the rebels raised the siege of Frankfort yesterday and fled. The *Tribune's* Washington correspondent says no such intelligence has reached here from any other source

WHITE HOUSE, June 1 —Two officers have just arrived here, bringing news of the capture of Fort Darling. An order ... confirming the intelligence was read to the army last evening. The cheers of our soldiers could be heard for miles around

REMAINS OF MAGRUDER FOUND —The party which left Lewiston piloted by Page a short time since have been successful in their mission of finding the body of Lloyd Magruder, and his murdered companions. The following account of it is given in the Lewiston *Age* from which we copy

On the first of June the party reached the scene ... the first ... party ... of Page at the ... next discovery was ... found the bodies ... of the next ... Allen and Phillips ... were searched with care ... Allen a portmonie in which we found twenty five cent pieces, ... Allen ... Phillips ... Page knew to belong to Allen ... found the portmonie ... of skull ... by the under jaw of Allen ... the under jaw of one of the ... he as it was near the blankets which had on encased their bodies, we also found two blue jean coats in one of which was found the memorandum book which shows that the two brothers had $1,0.. 78 on their persons when they started for Oregon in company with Magruder. ... we found in camp near the spot where Page saw Allen shot, a piece of his skull supposed to have been blown off with the shot gun. We found the quartz specimens, which were taken from Magruder's ... and thrown away by one of the villains, we found the rings buckles, etc. As described by Page ... by the ashes we then repaired to the spot where Magruder received the fatal blow ... we may say blows for we found several pieces of his skull, which was literally beat to pieces. Oh, what an awful sight! He was murdered nearly half a mile from the others ... and ... was somewhat torn by the wolves ... enough was left so that they looked quite natural. ... we went with Page to the spot where he had thrown the gun we therefore found Mr Ben ... the gun ... one that he had loaned Magruder and found it to be loaded but the cap had been removed. We also found the gun, which Page said belonged to one of the brothers also one rifle and the shot gun which Page said was once Romain's, we found other relics and things much the same as Page had described them. It makes the heart sick to think of this horrible tragedy. On our return we went to the spot which had been described by Page and found the remains of the slaughtered animals.

The *Flag* says it does not know a single Scotchman who is a traitor to the American Flag—not a "plaided Gael," as Scotland has been great and illustrious! It is fit that men of a nation who shore down the British throne in the middle with her bloody claymore, as a condition of peace, should be patriots in America.

THE EXHIBITION THIS EVENING —The Annual exhibition of the Portland Academy and Female Seminary will be given at the M E Church, this evening, in aid of the Sanitary Commission. But little has been said in reference to the subject as it is very well understood what the former exhibitions of this Institution have been. Heretofore the simple announcement of them has sufficed to fill that Church to its utmost capacity. True they have been *free* exhibitions, but we do not apprehend that the humble pittance demanded for this evening's entertainment will be the least obstacle to an outpouring of our citizens, when so many have volunteered to interest them, and make up an amount from the proceeds to alleviate the sufferings of our noble soldiers. Let the Church be filled

THE CAPITAL QUESTION —Enough returns have been received to decide the question of the location of the State Capital, that is, as heretofore decided, by past elections that neither Portland nor any other place has it, by a vote of the people. One advantage that is gained to the State by this system is the saving of the public money as no appropriations can be made for the construction of Capitol buildings until the site is determined by a majority of the people. Perhaps, when there are abundant funds for the purposes of building, the question can be decided

CIRCUIT COURT —The attention of Court was principally occupied yesterday in the trial of J H Swift and others vs Benjamin Stark, in which the verdict was rendered for plaintiffs.

MOVING —Not only families, but houses move in Portland, sometimes. We noticed a house moving up Main street yesterday, for a better location on Firststreet.

MUNITIONS —Three cases of cartridge balls were received in this city yesterday, from the State Arsenal at Salem, issued to Major Schuyler, O V M

LAYING THE DUST — The city sprinkler was again brought out yesterday, and performed its duty on Front street as effectually as ever

NO QUORUM —A few members of the Common Council met for business last evening, but not enough for a quorum

THE EXHIBITION, THIS EVENING.—The Annual exhibition of the Portland Academy and Female Seminary will be given at the M. E. Church this evening, in aid of the Sanitary Commission. But little has been said in reference to the subject, as it is very well understood what the former exhibitions of this Institution have been. Heretofore the simple announcement of them has sufficed to fill that Church to its utmost capacity. True, they have been *free* exhibitions; but we do not apprehend that the humble pittance demand ed for this evening's entertainment will be the least obstacle to an outpouring of our citizens, when so many have volunteered to interest them, and make up an amount from the proceeds to alleviate the sufferings of our noble soldiers. Let the Church be filled.

THE CAPITAL QUESTION.—Enough returns have been received to decide the question of the location of the State Capital, that is, as heretofore decided, by past elections: that neither Portland nor any other place has it, by a vote of the people. One advantage that is gained to the State by this system is the saving of the public money, as no appropriations can be made for the construction of Capital buildings, until the site is determined by a majority of the people. Perhaps, when there are abundant funds for the purposes of building, the question can be decided.

STATE PRISON REPORT.—The report of the Warden for the month ending May 31st, shows a favorable footing, the receipts for the time having covered the expenses, including the amounts in cash on manufactured articles and for labor of the convicts. Two prisoners were added to the list from Wasco county, J. W. Smythe for three years, and Lewis Mateo for four years. The term of Charles Stuart's sentence expired on the 19th, making one release meantime. The health of the convicts for the month was below the average, of the year, but better than for the month of April past.

FOOT RACING.—Several quite exciting foot races have occurred on Front street for a few evenings past, between boys. Last evening a new feature was added to "the races" by the introduction of a pair of burley *siwashes*, who ran the distance of a block for two bits a side. The street corner was blockaded, and any those interested in the sport had a chance in the use of the side-walks, without elbowing for room. The yells of the victorious party equalled any, in similar races, at a mining camp.

STRAGGLING INDIANS.—The straggling Indians about the vicinity of this city afford ample amusement for the boys, and frequent rows among the tribes, in which it often happens that some of them are badly cut up, and end their news a case in the courts. Two cases have been dismissed the present week, to save the county expense. They are, in fact, an intolerable nuisance to the community, and should be "gobbled" up and taken back to the Agencies from which they have escaped.

THE LIBRARY ASSOCIATION have appointed Mr. L. H. Wakefield to attend to the duties of collecting the quarterly dues and initiation fees, which are now much needed by the Association. The Reading Rooms now open for the use of subscribers, are really an excellent place to get posted in matters connected with the entire world, as the tables are supplied with abundant files of newspapers. Books will soon form what is most desired, the great feature.

CLOSING OF A POPULAR HOTEL.—In accordance with a previous determination announced by Mr. Kinny, the Dennison House, in this city, was closed yesterday morning. This is a consequence of the scarcity of travel, which always makes full times with hotels. The Dennison House has been known as a very popular hotel, under the management of Mr. Kinney, and we shall be sorry to see it closed permanently.

A GOOD ARRANGEMENT.—E. L. Jones & Co., of the Oregon Iron Works, have taken steps to perpetuate in memory the superannuated steamer *Jennie Clark*, by placing the whistle which she formerly carried, over the engine in their establishment, where it will toot at morning, noon and night.

INSPECTORS.—The Grand Jury were engaged yesterday in visiting the Asylum, Jails, and other institutions in which "the people" are stock holders, with a view of inspecting the financial condition of things connected therewith. We will have the result of their observations in a few days.

OAK FELLOES.—The steamer *Senator* has delivered about twenty-five tons of prime oak felloes in this city, during the week, from the region of the Santiam river. They are quite a commodity in our market at this time.

AVOID PENALTIES.—The United States Income tax for the year 1863 is now due, and persons paying before the expiration of the present month will avoid the penalty of paying 5 per cent. additional.

THE steamer *Wilson G. Hunt* arrived from the Cascades yesterday earlier than usual, as the freight for the day was very light. Mr. Post, of Wells, Fargo & Co.'s Express, had $70,000 in charge.

R. A. CHAPTER.—The Grand Royal Arch Chapter for the State of Oregon, commences its annual session this evening, in the Masonic Hall, over Richards & McCraken's store, Front street.

CIRCUIT COURT.—The attention of Court was principally occupied yesterday in the trial of J. H. Swift and others *vs.* Benjamin Stark, in which the verdict was rendered for plaintiffs.

MOVING.—Not only families, but houses move in Portland, sometimes. We noticed a house moving up Main street yesterday, for a better location on First street.

MUNITIONS.—Three cases of cartridge balls were received in this city yesterday, from the State Arsenal at Salem, issued to Major Schuyler, O. V. M.

LAYING THE DUST.—The city sprinkler was again brought out yesterday, and performed its duty on Front street as effectually as ever.

NO QUORUM.—A few members of the Common Council met for business last evening, but not enough for a quorum.

THE MENAGERIE.—The Great Pacific Museum and Menagerie which exhibited in this city yesterday did not "draw" as well as the proprietors anticipated, in consequence, as the ring leader stated, of "too many shows being ahead of him, which drained the pockets of the people." The variety composing the Menagerie was multifarious. The stuffed seals and living gold fish were representatives of the deep; the coon and the bear a type of woods, while a cougar exhibited its prowess by standing (stuffed) over the victim of its hunt (a man in effigy) showing its fierce tushes as they clutched the (broken) gun stock in the withered hands of the man (before mentioned). A pair of Asiatic camels were on exhibition, and appeared very tractable. One of these animals was considered very *strong*, and as their powers of endurance were portrayed the audience felt satisfied it was so. The menagerie was highly appreciated by the children, and indeed gave them about as good satisfaction as if it had been Vanamburgh's.

INDIAN OUTRAGES ON THE ROUTE TO BOISE.—A party of seven men with eleven animals, and a lot of provisions sufficient to subsist them three months, left Humboldt City, N. T., in the latter part of April for the purpose of prospecting in this direction, and while encamped about 60 miles west of Paradise valley, on the 3d of May, they were attacked by Indians, and an attempt made to run off their stock. They immediately packed up and started, traveling in the direction of Queen's river until noon, when, considering themselves out of danger, they stopped, and while unpacking found themselves surrounded by from 50 to 100 Indians. J. W. Dodge and J. W. Burton were killed instantly; H. B. Canfield was severely wounded, and when last seen was crawling behind some rocks. Mr. Vanastine was unhurt when last seen, but surrounded by Indians. E. N. Noble was wounded in three places; a ball passed through a portion of his neck, one in his side and another through the groin, as he was mounting his horse—notwithstanding which he escaped in company with Willet, Gates, and J. C. Kindle, who were unhurt. These latter three, are all that are known to have escaped. Eight of the animals, several guns, and all of the provisions, fell into the hands of the Indians, but the survivors of the prospecting party succeeded in retaining possession of all the ammunition. For these particulars we are indebted to the Rev. Mr. Hamilton, who obtained them from a gentleman recently arrived from Mud Springs, where he had assisted in dressing the wounds of Mr. Noble.—*Boise News.*

In every age of the World, the professions have been slow to admit the value of new discoveries or the expediency of adopting them in practice. It is not to the legal profession that we look for reforms in jurisprudence, neither do we find the advocates of medical reform among physicians. Each deprecates whatever is found to innovate upon received opinions and established usage. Hence the opposition which medical men too often exhibit to the use of private remedies, whatever their acknowledged value, or great efficiency in the cure of disease. No medicine has ever done more for the relief of human suffering than Dr. Osgood's India Cholagogue. The certainty with which it cures Fever and Ague, and eradicates bile from the system, is acknowledged by all.

Be particular to enquire for *Dr. Osgood's India Cholagogue*, and take no other. Sold everywhere.

Dr. Hostetter's Stomach Bitters.—The operation of this palatable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties, and it is recommended to mothers, enfeebled by the cares and duties of maternity, as the safest and best tonic they can probably use. In all the crisis of female life it will be found eminently useful, and elderly persons will derive much more benefit from it than from ordinary stimulants—Sold by all Druggists and Dealers everywhere. ap26d1m

Loss of Appetite.—In persons of sedentary and literary pursuits, if the brain is over-worked and the muscles under-worked, the appetite is very apt to fail from a general atone of the system. The PERUVIAN SYRUP restores the tone of the digestive system and consequently the appetite, by supplying a pure blood to organs too weak to make it without assistance.

SORE THROAT,
COUGH,
COLD,
and similar troubles, if suffered to progress, result in serious, Pulmonary, Bronchial and Asthmatic Affections, oftentimes incurable.

BROWN'S BRONCHIAL TROCHES

From the army hospital—the bloody battle-field—the mansion of the rich, and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REEDSBURY, Wis., Sept 16 1864.
" * * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters * * * Three bottles restored my speech and cured me. * * *
C. A. FLAUTE."

SOUTH WARSAW, O., July 28, 1863.
" * * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters.
EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET, }
NEW YORK, August 2, 1863. }

"DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness, and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. DEVOE."

" * * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
REV. W. H. WAGGONER, Madrid, N. Y."

" * * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.
Thy friend, ASA CURRIN, Philadelphia, Pa."

" * * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
REV. J. S. CATHORN, Rochester, N. Y.

" * * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.
SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

" * * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O.

" * * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H. B. KINGSLEY, Cleveland, O."

" * * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE, 254 Broadway, N. Y.
etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c. all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison. See that every bottle has our private U. S. Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe. SMITH & DAVIS,

The Butcher Forrest and his Family —The news of the capture of Fort Pillow by Forrest, and the cowardly butchery which followed of the blacks and whites alike, has produced a profound sensation here The universal sentiment is, ' Let no quarter be shown to these dastardly butchers of Forrest's command while he war lasts '

These Forrests, the oldest of whom General Bedford Forrest, has by this and other atrocities obtained such a record of infamy, were all negro traders There were four brothers —Bedford, who kept a negro pen for five years before the war on Adams street, in rear of the Episcopal Church, Memphis, John, a cripple and a gambler, who was jailer and clerk for Bedford, Bill Forrest, an extensive negro trader at Vicksburg, and Aaron Forrest, general agent and sole driver to scour the country for his other brothers They accumulated large sums of money in their nefarious trade, and Bedford won by that and other influences a natural promotion to a Brigadier in the woman-whipping, baby stealing rebel Confederacy. He is about 50 years of age, tall, gaunt and sallow-visaged, with a long nose, deep set, black, snaky eyes, full black beard without a mustache, and hair worn long He usually wore, while in the "nigger" trade in Memphis, a stovepipe hat set on the back of his head at an angle of forty five degrees He was accounted mean, vindictive, cruel and unscrupulous He had two wives—one white the other colored (Catherine) by each of which he had two children His 'patriarchal" wife Catharine, and his white wife had frequent quarrels or domestic jars

The slave pen of old Bedford Forrest, on Adams street was a perfect horror to all negroes, far and near His mode of punishing refractory slaves was to compel four of his fellow slaves to stand and hold the victim stretched out in the air, and then Bedford and his brother John would stand, one on each side, with long, heavy bull whips, and cut up their victims until the blood trickled to the ground. Women were often stripped naked, and with a bucket of salt water standing by, in which to dip the instrument of torture, a heavy leather thong, their backs were cut up until the blisters covered the whole surface the blood of their wounds mingling with the briny mixture to add torment to the infliction One slave man was whipped to death by Bedford, who used trace chain doubled for the purpose of punishment The slave was secretly buried, and the circumstance was only known to the slaves of the prison, who only dared to refer to the circumstance in whispers

Such are the appropriate antecedents in the character of the monster who murdered in cold blood the gallant defenders of Fort Pillow.

Gen Grant and Lee on Strategy —At noon on the 11th of May, Lee, having learned that our General Sheridan had destroyed eight miles of the Orange and Alexandria Railroad, and that our cavalry had also paid their respects to the Virginia Central and the Fredericksburg and Richmond roads, thus cutting the main rebel army from its base of supplies and leaving it where it must either retreat or starve, sent in a flag of truce, asking a cessation of hostilities for forty eight hours to enable him to bury the dead Grant knew the rebel He returned a characteristic reply, the exact text of which has not yet come to hand, stating that he had not time to bury his own dead, and would advance immediately

Californian to the Cane —At the close of the auction sale last evening at the Metropolitan Theatre, Mr Jerome Rice introduced to the audience William W Hawkins late drummer boy in the Ninth Regiment N Y S M, who lost a leg at the battle of Fredericksburg and appealed to the charity of those present for funds to purchase a cork substitute A perfect silver shower to the tune of about one hundred and fifty dollars answered to the call. The boy is very anxious to discover the whereabouts of his only relative, a sister residing in this State—a Mrs Robinson Can any of our readers furnish the information?—*Golden Era, June 5th*

According to Aristotle, large ears are imbecility, small ones point out the rustic and brutal man Those of the fairest promise are firm and of middling size Happy the men who boast of square ears— a sure indication of sublimity of soul and purity of life Such according to Suetonius, were the ears of the Emperor Augustus

A sharper seeing a country gentleman sitting alone at an inn, and thinking something might be made out of him, entered, and called for a paper of tobacco ' Do you smoke sir?" asked the sharper "Yes," said the gentleman very gravely, "any one that has a design upon me."

A man named Aaron Bedbug, of Montgomery county, intends petitioning the Legislature to change his name He says that his sweetheart, whose name is Olivia is unwilling that he should be called *A Bedbug*, herself *Ol Bedbug*, and the little ones *Little Bedbugs*.

A publisher of a newspaper out West, in the first issue of his journal, returns thanks to those who loaned him the pecuniary means, and to Heaven that there is no law in the State enforcing imprisonment for debt.

What is the difference between one's stomach and a bandbox? Not much—either is a good place to put a muff in

Why does a coat get larger when taken out of a carpet-bag? Because when taken out you find it *in creases*

What kind of gaiters endure the longest when exposed to water and mud? Alligators

Jumping Extraordinary —Lieut Keith of the Tenth Connecticut Volunteers left here per steamer *Continental* on Monday night having in charge two bounty jumpers named James Welch and Henry Jones whom he was escorting to Fort Delaware One of them had enlisted, received his bounty and deserted no less than six times. As the boat was leaving Peck slip, the jumping propensities again got the better of them though in this instance it saved the Government their thing in the way of transportation They were handcuffed together and as the boat was entering the slip they made a jump for the steamer *City of Hartford*, lying at the pier But she was some ten feet off and the jumpers were only equal to about six feet What became of Welch and Jones may be imagined The officer says he waited around a spell, but as he didn't see anything of his men he reported back to the camp on the next train —*New Haven Journal May 1st*

The Small Pox Remedy —The small pox remedy, which cured three thousand cases in England, taken in all stages of the disease is so simple that it cannot be too widely disseminated

Take cream of tartar three fourths of an ounce, rhubarb twelve grains cold water one pint The dose is from a quarter to half a pint In severe cases a half pint should be administered In cases characterized by delirium, great benefit has been obtained by applying a bottle of hot water to the feet. Plenty of fresh air is important and an out door airing at the earliest period practicable is recommended When applied in the earliest stage of the eruption, it is arrested and suppuration prevented without any injurious result The mixture should be well stirred or shaken before administering it

Tea Growing in Pennsylvania —Mr T W Fitzsimmons, of Philadelphia has now on exhibition at his rooms on Pennsylvania Avenue three fine specimens of native tea grown wild in the interior of Pennsylvania where, he informs us, it has been discovered indigenous The samples exhibited are Imperial and fine Hyson, equal in flavor and fragrance to the best imported He has presented samples to the Agricultural Department, being the first to bring this matter to their attention, and been solicited by Mr Newton, Commissioner, to prepare a report for publication in the next annual volume of the Bureau Mr Fitzsimmons was formerly connected with the Philadelphia *Enquirer* as assistant editor, and is well known as a writer of ability on agriculture and economy He deserves credit for his efforts to advance the agricultural interests of the country —*Washington New Era*

Southern —A handsome octoroon girl on a Mississippi plantation was married eight years ago to a mulatto on the same plantation, and was afterwards sold to another planter owing to her master's pecuniary difficulties The couple were plainly told that she was intended as her owner s mistress. Entreaties only resulted in her husband being savagely beaten and her being taken away. The wretched girl attempted suicide without success, and had no chance of escape, being ultimately forced to submit to her fate. She had one child by her brutal owner. George, the husband, afterward escaped, and succeeded in getting to Europe on board an English ship He traveled much there as a servant to families, and a short time since returned to Cleveland Meanwhile, on the capture of New Orleans, the woman's owner had fled, and she escaped to Philadelphia where she has since resided in the family as a servant, Having gone a short time since to Cleveland on a visit, she met her long lost husband in the street and both manifested the most intense joy Thus after so long and cruel a separation they are very happily reunited.

His "Rights" Trampled On. — An old boarder at the County Hospital left its shady groves the other day, seeking more congenial associations On being asked why he left he drew himself up to his full hight, and with eyes flashing with burning ire and outraged feelings, replied "Do you suppose I would stay there and eat grub and take medicine from a d d Abolitionist? No, sir!" He moved on with a step light as air, and a dignity to which imagination alone can do justice. —*Shasta Courier*

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry and it is impossible to over estimate its influence as a remedial agent Iodine has been considered the most useful article in Materia Medica and in the practice of the most scientific and practical chemists and physicians have investigated its effects upon the human system It is to act upon the

LIVER, HEART, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation it remained almost useless until Dr Henry Anders a physician and chemist of New York, after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent This, considered impossible by the scientific world is attested by certificates of analysis from Dr J R Chilton of this city and Prof Booth U S Mint, Philadelphia The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals and its use recommended to practitioners (see "American Medical Monthly, July 4, 1856, page 76")

This valuable medicine is now available to the public for the cure of scrofula in all its manifold forms, Consumption, Cancer Heart, Liver and Kidney Diseases Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine The patient recovers flesh, strength and color hitherto pale, relaxed and feeble, he becomes full strong and florid.
